

PENETRATION TEST

LETTER OF COMPLETION

LETTER OF COMPLETION

1.1 DECLARATION

This document certifies that the organisation in section 1.1 has undergone penetration testing by Defense.com, according to the scope as detailed in section 1.2

1.1 CLIENT DETAILS

NAME	Chronicle Computing LTD
COMPANY NUMBER	11391179

1.2 TEST SCOPE

DATE & DURATION	16/05/2022 – 20/05/2022
SCOPE	Authenticated Application, Mobile Application & API Endpoint Assessment https://chronicleonline.azurewebsites.net/ https://chronicleonlinewebapi.azurewebsites.net/chronicle/

1.3 METHODOLOGY

PARAMETERS

Defense.com penetration testing follows OWASP standard for web application tests and the PTES standard for network and system infrastructure tests. All Defense.com penetration testers hold certifications from CREST and Tigerscheme.

1.4 LIMITATIONS

- This letter confirms completion of penetration test carried out on the in-scope systems listed in Section 1.2. **It does not provide confirmation that the testing was successful, details of the results are provided to the customer on a confidential basis.**
- Defense.com offers no warranties or guarantees as to the security of the tested systems.
- Penetration testing is a point-in-time test and should be viewed as such.
